March 10, 2021

Good Evening,

This evening at our school board meeting it was decided that we will be amending our mask wearing policy. The following information is how we as a school district will be moving forward regarding masks in the coming months. These changes will be put into effect beginning on Thursday, March 11, 2021.

1. All students in our district will continue to be required to wear a mask when riding the school bus.
2. Students in Preschool through Third grade will be recommended but not required to wear masks when in the building.
3. Students in grades Fourth grade through Twelfth grade will continue to be required to wear masks when in the building and when they cannot socially distance.
4. All students will be recommended, but not required to wear a mask when outside for recess.
5. All students will be recommended but not required to wear a mask when they are in physical education class.
6. All students will be recommended, but not required to wear a mask when they are outdoors for any class.
7. All staff will be required to wear a mask when in the buildings and when they cannot socially distance.

Finally, I want to thank everyone for their cooperation, support, and understanding as we have worked through the school year to provide a safe and excellent educational environment for all our students here at Des Lacs Burlington Schools.

Sincerely,

Christopher Bachmeier
Superintendent of Schools
