

Overdrive

Overdrive is an online library checkout system funded by United #7 Library. Your child is able to login online, on the website (below), or on the Sora App (below), to read books. Students can only access books that are age appropriate. This system serves students in grades 2-12 in our district, but has a larger selection for grades 5-12. Directions are below for website and app. Perfect for at home when students want a good book to read!

A screenshot of a web browser showing the login page for the United Public School District Digital Library. The page has a dark blue header with the text "United Public School District Digital Library". Below the header is a light gray box with the heading "Please sign in". Inside this box are two input fields: "Student ID" and "Password". Below the "Password" field is a blue "Sign In" button. At the bottom of the box is a checkbox labeled "Remember my login information on this device.".

Login through the website - <https://unitednd.libraryreserve.com> - and use your first name last initial for ID, and your lunch number for the password.

Two screenshots from a mobile phone showing the Sora app interface. The left screenshot shows the app's main screen with a blue background, a cartoon rocket character, the word "Sora" in large white letters, and the tagline "Open a world of reading." Below this is a green button that says "Find my school". At the bottom, there is a link that says "I have a setup code →". The right screenshot shows the login screen after selecting the school. It has a blue header with a back arrow and the text "Sign into United Public School District". Below this are two input fields: "Student ID" with the text "kaylaa" and a clear button (X), and "Password" with four dots and a clear button (X). At the bottom is a green "Sign in" button.

Login through the Sora App. First find our school, United Public School District, and then login with your first name and first letter of your last name and your lunch number (shown above).
